Don, All—

One correction: The beginning Bates number of one instance of the Hydromorphone Hydrochloride CCDS is 8856500091. I have updated the chart below to reflect the correct beginning Bates number.

Best,

Don —

I am checking on availability on our side for 11:30 and if that works we will send a calendar invite.

Regarding your opening comment, I am not sure what you are referring to regarding your expectations. As I stated, that information would come today or tomorrow (and it will). Also as stated, this is not when you will begin receiving information on CCDS. You already have it. We are just pointing you to specific instances of what you already have and could have found.

Jim-

Given your positive report this morning, we were expecting to begin receiving some materials concerning CCDS.

In any event, we are available Wednesday at 11:30am est. for a call.

Kindly let us know how Debtors want to proceed.

Many thanks,

Don

Don —

As offered previously, we have taken a look at the productions you have access to for the CCDS and have found there are multiple copies of various versions there. We will provide you with the bates numbers (and an additional copy) of one example of each version we have located. We should be able to start getting those to you later today or tomorrow.

Regarding 2, I am not sure exactly what you are looking for and whether it is just related to documents you will refer to at the hearing or if it something broader. Perhaps we can find some time to discuss that and plans for the hearing more generally tomorrow. If you let us know some times that would work for you, we will coordinate with those on our side to confirm a time.

Jim,

We feel it incumbent to strive to resolve as many concerns as possible in advance of the April 6 hearing.

With that objective in mind and to begin the process, would Debtors be amenable to

1.

producing now full copies of all versions of the CCDS for Oxycodone Hydrochloride? (e.g, versions 1.0 to 13.0 and through and including current volume)
[we would likely ask for CCDS's pertaining to other opioids upon a positive response].

2.
executing an authenticating stipulation regarding materials produced by Debtors, bearing Debtors' bates code; e.g., materials accompanying the Motion?

Please let us know how Debtors want to proceed.

Many thanks,

Don
